# Walk the Arts

**ICSCIS INC. icscis stands for  
International Center for Synth:esis Centre International pour la Synthèse**

"Synthesis" is the putting together of parts or elements so as to form a whole, a unifying whole; the whole as all aspects of one's being, its totality. Our logo is the hand made circle, symbol of that whole, of the union of art and being and of the evolution of society through arts and culture.

## ABOUT Walk the Arts

Walk the Arts (cscis inc.) was established in 1996. We are a cultural organization without walls, hence extremely mobile, operating in and from North America, Europe, Africa, and South America. Mobility, in the sense of being small, light and easily transported everywhere in the world is one of our main goals.

Walk the Arts is not a tour operator. We are a small cultural organization promoting experiential learning through art tours and art workshops in four continents. Our programs are intended for the lifelong learners, artists and art lovers of any age and level, as well as all type of educational institutions including universities, colleges and high schools. Our aim is to provide an in depth learning experience of art, history and religion through the immersion into the culture of the visiting country.

## and next March in New York City

### The Metropolitan Art Museum

Caspar David Friedrich: The Soul of Nature

Caspar David Friedrich, Wanderer above the Sea of Fog, 1817

Presented in honor of the 250th anniversary of Friedrich's birth in 2024, Caspar David Friedrich: The Soul of Nature is the first comprehensive exhibition dedicated to the artist held in the United States. Organized in cooperation with the Alte Nationalgalerie of the Staatliche Museen zu Berlin, Staatliche Kunstsammlungen Dresden, and Hamburger Kunsthalle, with unprecedented loans from more

than 30 lenders in Europe and North America, the exhibition will present approximately 75 works by Friedrich. Oil paintings, finished drawings, and working sketches from every phase of the artist's career, along with select examples by his contemporaries, will illuminate how Friedrich developed a symbolic vocabulary of landscape motifs to convey the personal and existential meanings that he discovered in nature. The exhibition will situate Friedrich's art within the tumultuous politics and vibrant culture of 19th-century German society and, by extension, highlight the role of German Romanticism in shaping modern perceptions of the natural world.

## ABOUT New York Art Trip

Since 1993 we have been offering our annual art trip to New York City and since then, it has been so popular, that many of our participants have joined us three, five and even ten times!

Besides the amazing permanent collections of New York museums, every year we find an incredible variety of art shows ranging from the neoclassical and modern to the contemporary and "very now". Unlike other trips to NYC, New York Art Trip offers the services of an art historian on board and the opportunity to travel with a group of like-minded companions. In addition, New York Art Trip offers accommodation in the heart of Manhattan, very reasonable prices, a flexible schedule and lots of fun!
